**Powerful voice, great leads, thundering back bone, I love this stuff.**

How do I get a copy of it? also, if there are other bands that you know of ,I would love to hear them. Thanks for letting me hear you, with all the bands on myspace, it could have been years before I found you, by then you would be playing Ozzfest. Welcome, Randy

**Message (same member as before, after our reply) (18 Mrz 2008, 02:36)**

Looking forward to May 23, As for the bands you mentioned, I've heard and seen them all. to compare yourselves to any of them, well, you are selling yourselves short. Godsmack and Disturbed are both great bands,if you don't mind hearing the same thing on each disc.

**I think Grey Monday have the potential to be the next really big band, so ,when it happens, you heard it from me first.**

You guys take care and 5-23-08 I'll let you know what I think of your disc, I know it will be a KILLER. See Ya', Randy
